**Preference to cooperatives in distribution of essential commodities**

2874. SHRI ADINARAYANA REDDY: Will the Minister of FOOD AND CIVIL SUPPLIES be pleased to state:

(a) whether Government have issued instructions to all State Governments to give priority to cooperatives in the distribution of essential commodities in their States;

(b) whether the State Governments have been following this direction; and

(c) if not, what are the reasons therefor?

THE MINISTER OF FOOD AND CIVIL SUPPLIES (RAO BIRENDRA SINGH): (a) to (c) The Central Government have suggested to State Governments/Union Territory Administrations that the cooperatives should be given a large role in distribution of essential commodities under the public Distribution System. In some States, the number of the fair price shops are more in the cooperative sector.

**Import of films by non-resident Indians**

2875. SHRI KAPIL VERMA: Will the Minister of INFORMATION AND BROADCASTING be pleased to state:

(a) the number of films imported by non-resident Indians last year

and this year under the non-resident Indian imports scheme; the number of films cleared and released for exhibition;

(b) what are the reasons of delay in clearing the remaining cases; and

(c) what was the objective of this non-resident Indian imports scheme and the extent to which these have been fulfilled?

THE MINISTER OF STATE OF THE MINISTRY OF INFORMATION AND BROADCASTING (SHRI V. N. GADGIL): (a) Upto 18-8-85, 51 feature films had been cleared by the National Film Development Corporation for import by the non-resident Indians. As per copies of bills of entry submitted by the non-resident Indians, upto 18-8-85, 27 films had actually been imported—all in 1985. As regards release of these films for exhibition, the non-resident Indians are not in all cases required to give information to the Corporation;

(b) The applications of non-resident Indians for import of feature films are cleared expeditiously. In those cases where there is delay, the reasons generally are:

(i) Non-submission of relevant documents required to be sent with the applications; and

(ii)) Non-receipt of a print/video cassette from the applicants in the absence of which the films cannot be pre-viewed.

(c) The main objective of the policy regarding import of films by non-resident Indians is to import good non-MPEAA (Motion Picture Export Association of America) foreign films in larger number, as the National Film Development Corporation can import only a limited number of films due to constraints of foreign exchange. The objective has been fulfiled to some extent. A number of foreign films have already been imported. However, due to absence of the guidelines regarding quality of films to be imported, initially, all the films were not of good quality. Such guidelines have since been notified on 1st July, 1985.
